

RIDER / STAGE PLOT

*Preferred setup, DI is also possible for guitar, but it'll sound like ass

PEDALBOARD:

NEEDS:
1x 230V

BACKING TRACK/HD/DRUMS:

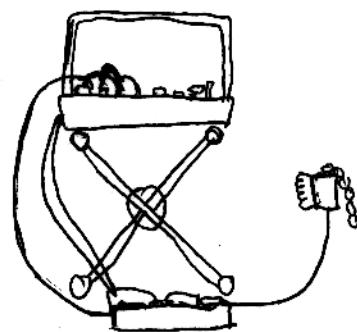

POWERED OFF OF
PEDALBOARD PSU

OUTPUT:
2x XLR (stereo LINE)

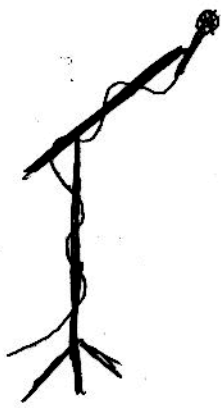

NOISE RIG:

NEEDS:
4x 230V

OUTPUT: YAMAHA MG06x
All goes into onstage mixer
2x XLR (stereo LINE)

VOCALS:

Mic stand needed

Reverb needed

If not available, it can go into the noise rig mixer (YAMAHA MG06)

STAGE:

Must have:

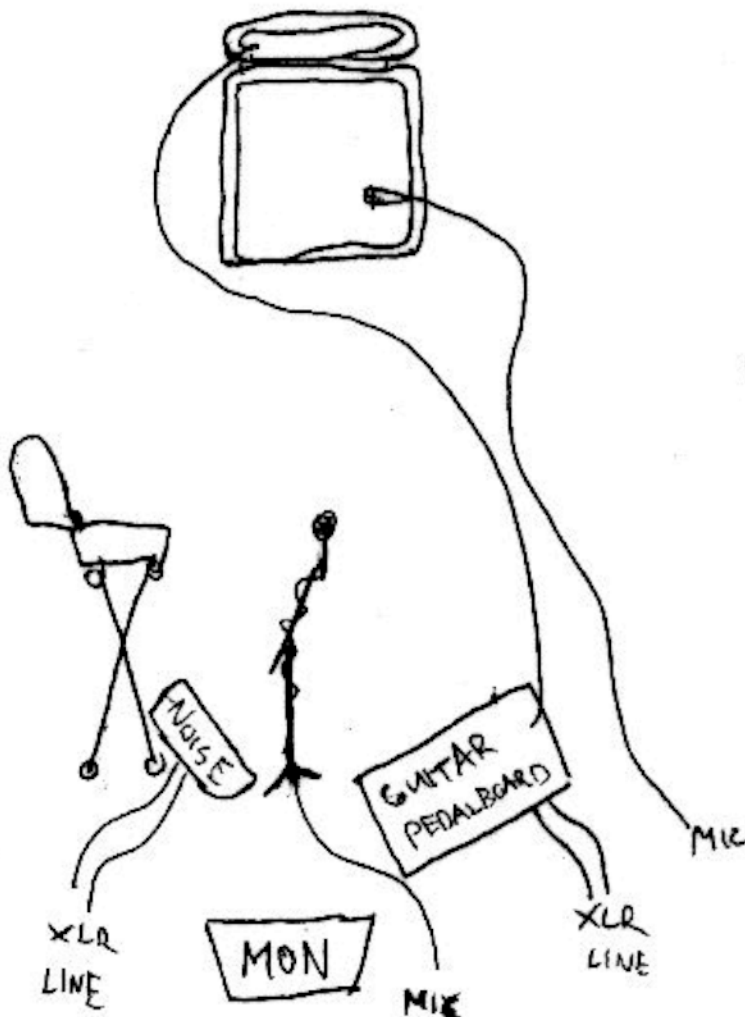

- 6 x 230V sockets
- Monitor (at least one)

Nice to have:

- Fog machine
- Strobes

Preferred lighting:

- Colourless or one color (red)
- Dim white spot

Something like this
